

# Research in Progress

1. Researcher presents a summary of the progress of an ongoing investigation to an audience. The summary is organized using the elements of QPOE<sub>2</sub><sup>®</sup> and may include:
  - Successes achieved in the investigation
  - Areas of the investigation needing peer review feedback
  - "Aha!"s, surprises, new learning
2. Audience listens carefully to the summary being presented, and may:
  - Ask clarifying questions  
(See QPOE<sub>2</sub><sup>®</sup> Evaluation questions)
  - Provide peer review feedback
  - Challenge or support thinking
  - Share related investigations
